

# PEPTONA

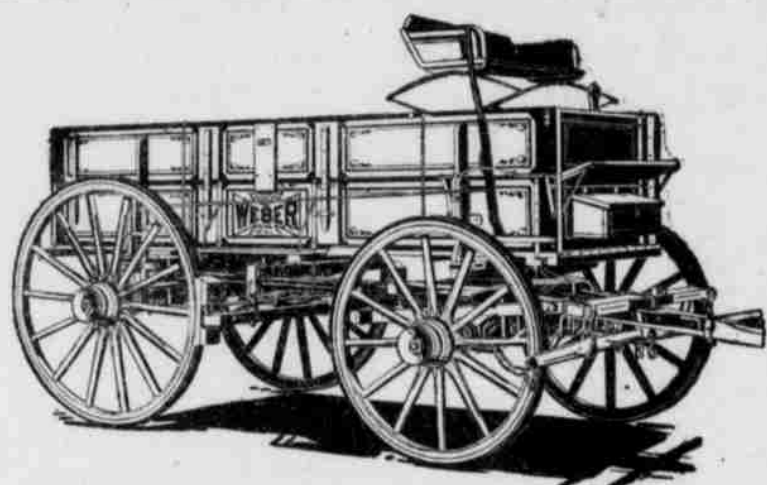

Will Help You

It puts the "PEP" into run down systems. It contains organic iron, Manganese and Cod Liver Oil Extract, medicinal agents extensively used as a tonic and strength builder. Valuable for enriching the blood, of aiding assimilation of food, and for building the health generally.

If you have trouble recovering normal health after grippe, cold, bronchitis or influenza, if your blood is not up to standard, if your food assimilation is faulty, if you are tired or run down, then you need PEPTONA to help you. It is our best tonic; it is pleasant to take and easily tolerated by even the most sensitive stomach. We will refund your money if it does not do you good.

--that is, built in four sizes--light, medium, standard and heavy. Each size is given a capacity rating, the same as a motor truck or freight car. The size and capacity are marked on the rear bolster of every wagon, so that anyone can easily know what the hauling capacity is, without guessing. You need not take anybody's word for it.

### A Warm Welcome

The cozy comfort of a Perfection Oil Heater means a warm welcome indeed on extra cold days--and a home really comfortable for grandmother and everyone else whenever extra heat is needed. Easily carried about--ten hours heat on one gallon of kerosene oil. More than 4,000,000 in use. A big coal-saver. Come in and see one--you'll take it.

### Local and Otherwise.

Leta Holden is home from Grand Ledge for Thanksgiving.

R. E. Smith was over from Pontiac over Sunday calling on old friends.

Parsons, the Eye Man will be at the Hotel Paisley, Yale, Thursday Dec. 4th.

Mrs. Henry Hier and baby, of Detroit, are visiting her mother, Mrs. George Cameron.

L. J. Menzies and lady friend, Miss Dorothy Ripplinger, of Detroit are guests at the Menzies home.

Lute McDonald, of Pontiac, called on relatives and friends in Yale the first of the week while passing through the city.

George Mann is somewhat better this week, having suffered several days of intense pain from neuralgia the past week.

Mrs. Robert Williams and daughter Eleanor spent Sunday in Ann Arbor visiting with Mildred, who we understand is doing nicely after her operation.

H. P. Ohmer is home from his deer hunting trip to Manistique. He brought back a nice buck. The party he hunted with all killed their allotted number.

The Auditorium will be a popular place on Thursday evening, for young and old. Dancing is the order called for and good music will draw the crowd.

The Delta Lambda's held another of their delightful suppers at the home of Dr. and Mrs. V. A. Lacy on Tuesday evening. The usual good time was had.

H. E. Clark, of Roseburg, drove to Detroit the first of the week with a truck load of poultry in just three hours. That's going some if anyone should ask you.

Fred P. Currier and daughter Mayme left Monday for Grand Rapids where they will make their home with Dr. Fred Currier, who is practicing medicine in that city.

Sunday afternoon a blinding snow storm prevailed for a few minutes, covering the ground with a slight sheet of white. It soon disappeared on Monday under the warmth of the winds and sun.

Miss Hazel Tuck has resigned her position with the War Risk Insurance department at Washington and has taken a teaching position with a private boarding school. In addition to a raise in salary Hazel will get her room and board, which in these days of the H. C. L. is some item.--Brown City Banner.

Henry Williamson, superintendent of the Sanilac Stock farm for the past two years, has resigned and moved with his family to Port Huron. His son Alger Williamson, of McGregor, succeeds as superintendent.

Attend the union Thanksgiving service in the Methodist Episcopal church on Thursday evening, thus showing your appreciation of the blessings which have been bestowed upon you. Rev. Alfred Martin of the Presbyterian pulpit, will preach the sermon in place of Rev. Ryan.

About 50 neighbors and friends gave Mr. and Mrs. Albert McKay a farewell reception at their home north-west of this city on Thursday evening last, the occasion being their leaving for Saginaw to make their home. A very pleasant evening was spent and all wished the couple God-speed.

Again this week we had to call on Chas. Barr for assistance. We had another accident to our linotype--broke a big casting--and with the assistance of Charley and his oxy-acetylene plant we got the break fixed up in the best of shape and in short order, enabling us to get our type set so we could print on Wednesday afternoon. This outfit of Mr. Barr's is certainly a fine thing for Yale, as the Wooden Mills frequently have breakdowns which would cause serious delays were they not able to get the work done here. Anyone in need of work in this line should see Mr. Barr.

A member of the State Police dropped into Crosswell the other day and then things happened, things that may happen in other towns on other days. Warrants were sworn out against ten persons for violation of the state auto mobile laws, and these went before a justice and paid the fines inflicted. John Snelling, former Yale resident, had two charges against him and paid \$14. Others were mostly \$5.00 for no tail light, not registered, only one license plate, while Dr. H. H. Learmont was stuck for \$15.00 and costs, for non-registration of motor.

Be sure and attend the Methodist Episcopal church third anniversary banquet to be held at the church dining room Tuesday evening, Dec. 2nd. Good eats and a fine program will be furnished.

LOST--A long trench knife with wooden handle, lock blade, with 6918 carved in handle. Finder will be rewarded by leaving at Expositor office. 35-2

### Give thanks today.

Ventry Hisey was up from Wayne the last of the week.

Alex. McLarty, west of Yale, has been very ill with pneumonia. Mr. and Mrs. Fred Taylor and daughter Betty autored to Vassar Sunday.

James Foster and wife, of Peck, were guests at the McNulty home on Sunday.

Work on Emerson Cooper's new cottage at Cedarwood has been delayed waiting for doors and windows.

Mr. Mandeville and family have moved from the John Harrison farm at Belle River to Yale where he has rented a farm.

The Entre Nous club was entertained by Mr. and Mrs. J. B. Paisley on Wednesday evening last. A pleasant time was enjoyed at dinner and cards.

Workmen are busily engaged at C. E. Richard's new dwelling house and if everything goes well Clyde expects to be comfortably settled before winter sets in for good.

A coat of paint does not "make" farm buildings any more than "clothes make the man," but nevertheless, the neat appearance of the farm house and barns is almost invariably an index of the efficiency of the owner. Appearances do count.

The weather this fall has been ideal. No state in the Union has more pleasant summers and falls. Farmers this year have had ample time to get in their crops and do fall plowing. The land has produced abundantly and everybody is prosperous and happy.

If it's worth advertising at all, it's worth advertising in the Yale Expositor. Granted that our advertising rates seem a little high, you have this satisfaction--You know you're getting your money's worth in circulation--and after all, when you pay for advertising space, the thing to consider is circulation. Try the Expositor columns and see if you don't get results.

Mrs. Harold Phelps went to Bay City last week where she underwent a surgical operation at the city hospital last Thursday. Mr. Phelps returned home Monday and reports Mrs. Phelps is getting along as nicely as could be expected. This is the second operation Mrs. Phelps has undergone following injuries sustained in an auto accident at Yale about two years ago.--Sandusky Tribune.

Aden Bowman, of Saskatoon, Sask., has been visiting old-time friends in Yale and Greenwood the past week. It is sixteen years since he resided in this locality. His father, Rev. Benj. Bowman, will be remembered by many of our readers. Aden is connected with the Bowman Brothers, jobbers in automobile equipment at Saskatoon and Regina. He made the Expositor office a pleasant call while in Yale Friday last.

Third anniversary banquet celebrating the dedication of the Methodist Episcopal church will be held in the church dining room Tuesday evening, Dec. 2. A program consisting of speeches, recitations and music by the orchestra is being prepared. Lots of good things to eat. Price \$1.00 per plate. Everybody invited.

### THE SQUARE DEAL

When I speak of the "square deal," I mean not only that each man should act fairly and honestly under the rules of the game as it is now played, but I mean also that if the rules give improper advantage to some set of people then let us change the rules of the game. According to our ability we intend to safeguard the rights of the mighty; but we intend no less jealously to safeguard the rights of the lowly. Our ideal is equal justice for all; justice alike for the rich man and the poor man who do right; and the same stern justice for the rich man and the poor man who do wrong.--Theodore Roosevelt.

### A YEAR HENCE

Nominating conventions of the two major political parties are barely nine months off. A year from now the presidential campaign will be in full swing. A third of the United States senate will be at issue, the entire membership of the house of representatives as well as the governorships and legislative make-ups of most of the states. For that reason people may look for little political rest until November, 1920.

### IT IS NOT ALWAYS EASY

- To apologize.
- To begin over.
- To take advice.
- To admit error.
- To be unselfish.
- To be charitable.
- To face a sneer.
- To be considerate.
- To avoid mistakes.
- To endure success.
- To keep on trying.
- To profit by mistakes.
- To forgive and forget.
- To think and then act.
- To keep out of the rut.
- To make the best of little.
- To shoulder deserved blame.
- To subdue an unruly temper.
- To maintain a high standard.
- To recognize the silver lining.

BUT IT ALWAYS PAYS.

## The Very Latest Styles

Always use high class stationery to create a good impression

It's an old, old saying that the people you write to often judge you by your stationery.

And there is a great deal of truth in the fact the stationery can be so chosen as to reflect the best of judgment and taste.

Stationery suitable for one occasion may be entirely out of place for another. Then, too, the styles in stationery change the same as styles in clothing.

To be sure that YOUR stationery is right for all purposes, always buy it here.

## After the Moults-- EGGS

REMEMBER, going through the moult is like going through a long spell of sickness. To force out the old quills and grow new feathers saps a hen's vitality.

If you expect your hens to be fall producers and winter layers, then feed them Poultry Pan-a-ce-a during and after the moult.

## Dr. Hess Poultry Pan-a-ce-a

will start your pullets and moulted hens to laying

It contains Tonics that put your moulted hens in fine condition--Tonics that tone up the dormant egg organs--Iron that gives a moulted, run-down hen rich, red blood and a red comb. It contains internal antiseptics that destroy disease germs that may be lurking in the system. No disease where Pan-a-ce-a is fed. It pays to feed Pan-a-ce-a regularly.

It brings back the singing--it brings back the scratching--it brings back the cackle. That's when you get eggs; and it's eggs you want--fall eggs, winter eggs--when eggs are eggs.
